EYE, EAR, NOSE AND THROAT
18 Ashland Street NORTH ADAMS MASS.

CASTORIA
For Infants and Children
In Use For Over 30 Years

A very inexpensive preparation for the infant and as a hair-dressing for women. It is a good hair-dressing for infants, easily to wash off, and it does not irritate the eyes.

Farmers' Boys Like to Plow

WITH A

Fond Du Lac Tractor Attachment

Any 100 lb boy who can operate a Ford Car can do more plowing in a given time than three good teams and three strong men; and the boy will be willing and anxious to do it.

The Bennington Garage IS SELLING

The Fond Du Lac Tractor Attachment

Demonstrations of the efficiency of this wonderful machine which transforms a Ford Car into a Tractor that will do nearly everything the expensive tractors are able to do and many things they cannot do, will be made on any farm upon request. Attached to a Ford Car without in any way harming the Ford. A Fond Du Lac Tractor Attachment makes a Farm team for any farm work with the pull of five horses in it. Ready at all times to draw any Farm implement, plow, harrow, planter, mower, rake, reaper, spreader, loaded wagon or stone boat; never tried out; anyone can work it, boys, girls or women, it will do more to save a farmer money and time and get him a larger production than anything that has appeared in the way of farm machinery. If you could buy five good horses for the price of one cheap one and not have to feed them except when you work them, would you take the deal? That's what you get for a bargain when you buy a Fond Du Lac Tractor Attachment.

Demonstrations are being made frequently at different Farms. For information call

Mr. and Mrs. Warner Carter and family and Mr. and Mrs. Nathan Sawyer moved the Shawkat Trap today noted by the way of Brattleboro. They were fortunate in avoiding the storm and saw no evidence of rain until they reached Pownal on the way home.

President Wilson never did a wise or better thing than when he ordered our troops to be brigaded with French and British troops. This was not merely a contribution to allied safety at a critical moment; it was the adoption of a policy with respect to our troops which should be maintained so far we have a large body of trained officers and men of our own. After that, we can expand our forces as it may be necessary.—New York Times.

Mr. and Mrs. Warner Carter and family and Mr. and Mrs. Nathan Sawyer moved the Shawkat Trap today noted by the way of Brattleboro. They were fortunate in avoiding the storm and saw no evidence of rain until they reached Pownal on the way home.
